Attention Deficit/Hyperactivity Disorder (ADHD) and Maladaptive Behavior: A Decision-Theory Perspective

Seymour Fox School of Education, The Hebrew University of Jerusalem

This conference is supported by an internal grant of the authority for research and development of the Hebrew University of Jerusalem and by a Sara van Dam Project Grant of the Royal

23/10/2019

10:30-11:00 Welcome address

Session 1: Decision-theory models

11:00-13:00

Processing of decision outcomes: The role of memory, error detection, & inhibition (**Brenda Jansen - University of Amsterdam**)

Risk-taking behavior in adolescents with ADHD: elucidating underlying mechanisms (**Tycho Dekkers - University of Amsterdam**)

ADHD is associated with a pervasive pattern of risky behavior which is mediated by benefit perception (**Rachel Shoham - The Hebrew University of Jerusalem**)

Cognitive and motivational aspects of ADHD: a decision-theory perspective (**Yehuda Pollak - The Hebrew University of Jerusalem**)

13:00-14:00 Lunch break

Session 2: The social context

14:00-16:00

Peer influence on risk taking behavior in adolescents with mild to borderline intellectual disability (**Hilde Huizenga - University of Amsterdam**)

Social influence on risk taking in adolescents with ADHD (**Anna van Duijvenvoorde - Leiden University**)

Decision-making in a social context in adolescents with ADHD (**Jorien van Hoom - Leiden University**)

Neurobiological underpinnings of adolescents' anti-social behavior (**Arne Popma - De Bascule, Amsterdam**)

16:00-16:30 Coffee break

Session 3: Real-life decision making

16:30-18:30

Problem solving in ADHD as a family process (**Naama Gershy - The Hebrew University of Jerusalem**)

Unhealthy eating patterns of adults with ADHD: the role of attractiveness and convenience food cues (**Shirley Hershko - The Hebrew University of Jerusalem**)

ADHD is linked to procrastination: the role of expectancy and sensitivity to delay (**Ruth Netzer Turgeman - The Hebrew University of Jerusalem**)

Real-life occupational decision making of students with and without ADHD: quantitative and qualitative data (**Adina Maier - The Hebrew University of Jerusalem**)
