#### Scientific and Social Programs

The scientific program of the 2019 regional Meeting will include invited addresses, platform presentations and posters on research on aggressive behavior across a range of disciplines. We welcome symposia that bring together speakers who approach aggression-related phenomena, issues and interventions from different perspectives. The collegial nature of ISRA scientific programs and congenial atmosphere of our social programs foster the fruitful exchange of ideas among students, early career and senior researchers.

Call for Abstracts and Symposia proposals: Deadline May 1, 2019. Please send 200 word abstracts to [isra.jerusalem2019@gmail.com](mailto:isra.jerusalem2019@gmail.com).

Submission information will be posted on the conference website, the ISRA website, and presented in the ISRA Bulletin.
